Norwich Bulletin, Willimantic Office,

What Is Going On Tonight.

Company B, Third Regiment, C. S. G., drills at state armory on Pleasant street. Ancient Order of United Workmen, Willimantic Lodge, No. 11, meets at 140 Valley street.

Oliver Branch Council, No. 10, R. and S. M. stated assembly, Masonic hall. Royal Arcanum, Willimantic Council, No. 22, meets at 782 Main street.

Knights of Columbus, San Jose Council, No. 14, meets at 751 Main street.

At a meeting of master barbers of this city held Monday afternoon it was voted that prices be advanced equal to those charged by barbers in cities the size of Willimantic. The local barbers feel that they have kept their prices down as long as possible, but many of the articles used in their business having been advanced from 200 to 300 per cent, they must raise rates to meet the additional expense. The rate schedule to be charged at all union shops beginning Monday, June 28th, was fixed as follows: Shaves 20 cents, haircut 15 cents, shampoo 25 cents, face massage 15 cents, razor shaving 25 cents, all hair tonics 15 cents, and shingling 25 cents.

In a statement to The Bulletin representative Monday afternoon as to any trouble in securing help, one of the master barbers answered: "Help? There isn't any such thing in this city. A few years ago there was a barbers' local in this city numbering 18 members, but today there is but one journeyman barber working in this city. All other shops are owned and run by the master barbers." He went on to say that Willimantic master barbers could not secure help as those in other cities received more for their work and should afford to pay higher wages to their men.

Enumerating some of the increased expenses to barbers, he cited the following examples: Towels, once 25 cents per hundred, now \$1; soap, once 20 cents per pound, now 65 cents; hair brush, once from 25 to 50 cents, now \$1.50; all hair tonics from \$2.25 to \$3.50; all hair lotions from \$2.25 per gallon to \$5 per gallon.

John Kropusky, a Slav, who arrived in this city from Pittsburgh, Pa., Saturday night, lost his life in a collision with a train between New Haven and this city. The money totalled \$2,050. Mr. Kropusky did not notice the loss of his money until arriving in this city and he immediately notified conductor Callahan and Railroad Detective James Carroll of the loss. Mr. Kropusky remembered having the money in his possession while in the station at New Haven but could remember nothing further. He had been going to purchase a farm and did not know how much he would need. After making a

search for the money and failing to secure a jitney and rode to South Willimantic, where he has a sister-in-law living. Mr. Kropusky was in this city Monday but had heard nothing about the sum lost. A reward has been offered for the return of his life's savings but he feels that the chances of recovery are pretty slim.

Howard Reed, age 11, of Windham, was painfully injured recently when the hook on his fishing caught just under his left eye, sinking deeply into the flesh. With the hook bayed at the time were his brother, George Reed, and Freddie Reed of this city. The boys were two miles from a house at the time, but went to the state road and signalled passing automobiles to stop. Several passed by without heeding the signal, but Theodore Marrott of Willimantic stopped and learning of the trouble carried the boy to a doctor, where the hook was cut out. The wound bled freely but it is expected that the injury will not prove serious, although a scar will be left. The point of the hook came within a fraction of an inch of piercing the orbit.

Carl Israel and Miss Cecilia Stutz, both of this city, were married Sunday night at the Sons of Israel Congregation synagogue on Temple street by Rabbi Max Levine. The best man was Nathan Rosenthal of New York city and the bridesmaid Miss Peck's sister, Mrs. Harlow. The bride's gown was white duchesse satin trimmed with lace. She wore a veil caught with lilies of the valley and carried an arm bouquet of bride roses. Her maid wore pink taffeta with hat to match and carried sweet peas. Mr. and Mrs. Israel will make their home at 1000 Main street.

Joseph Peck of this city, a public service driver, was notified Monday morning that Mr. and Mrs. John Webber of Lebanon, N. H., had mailed him a check of \$50 to pay for whatever damage had been done to his car as the result of an accident that took place Sunday, May 15th, at Yantic. Mr. Peck was carrying passengers to Norwich when Mrs. Webber in driving past him pulled her horse suddenly to the left, causing him to land with both feet on the ground. Mr. Peck's car suffered a bent front fender, broken rear fender, broken windshield and bent top. The passengers, although frightened, escaped without injury.

Miss Yvonne Bergeron of this city and Donat Bergeron of Woodbury, R. I., were united in marriage Monday morning at St. Mary's church by Rev. Ludovic Parada of Voluntown, who also sang a hymn. The best man was William Florimond Bergeron, a brother of the bride, and the bridesmaid was Miss Eva Aubin. The bride was given in white beaded georgette with veil caught with lilies of the valley. Her maid wore pink georgette over satin with hat to match. Following the ceremony, a breakfast was served at the home of the bride's parents, Mr. and Mrs. Remond Bergeron, of 42 Willowbrook street, which only a few members of the two families were present. Mr. and Mrs. Champagne left during the day on a wedding trip to New York city and Albany. Their return Saturday a reception will be held at the home of the bride's parents.

The F. H. Partridge property, corner of Green and Mathewson streets, has been sold to Abner B. Bole.

Mr. Phillips discovered the following epitaphs six times in the cemetery of Griswold:

Death is a debt to nature due. Which I have paid, and so must you. This one eight times: Death is uncertain, rest most sure. Sin is the wound, Christ is the cure. This one nine times: Behold and see as you pass by. As you sit now, so once was I. As I am now, so you must be. Prepare for death and follow me. This one 11 times: Sleep on, sweet babe, and take thy rest. God call thee home. He brought thee here. Just before dawn Sunday a long-drawn-out flock of motorcycles went over the state road, bound south.

The drivers had throttles and mufflers wide open. The first bunch woke up Main street from Tadpole to the Quigbaw, the second bunch caused decided warlike proceedings, the third and last bunch, more noisy than the rest, hurrying to catch up, just as a fourth bunch of motorcycles came. They were breaking the law as to speed and cut-out.

The flower girl was Miss Valdin Bole, the bride's sister; she carried the bride's bouquet, which was of bride roses and sweet peas. The maid of honor was Miss Anna Bole, the bride's sister. She preceded the bride, who walked with her father, who gave her in marriage. The bride was given in white chiffon over net, wearing a veil caught with lilies of the valley. NEW HAMPSHIRE WYANDOTTE

BEAT OUT QUEBEC BIRDS

The outstanding feature of the thirty-third week of the egg laying contest at Storrs is that a pen of White Wyandottes owned by Apicrest Farm Co., of Hampton Falls, N. H., replaced a pen of White Wyandottes owned by Herbert L. Warren of St. Lambert, Quebec, thus becoming the first pen of White Leghorns sent to the contest by Francis F. Lincoln of Mt. Carmel, Conn., was fourth with a yield of 54 eggs. It is apparent that the Leghorns are coming into their own from the fact that they outdid the heavier breeds for the week. The season of the year is at hand when poultrymen should be considering the advisability of eliminating non-laying hens from the flock. During the week of the contest just finished, there were 141 hens that did not produce an egg. Eliminating the non-laying hen has a tendency to keep the egg production at a high level, makes more room for those that are laying during the hot weather and besides this it helps to keep the feed bills down. Early cullers are poor breeders. Probably from five to ten per cent of the birds in the flock are not laying at this season of the year and could be advantageously eliminated. The management of the contest does not expect to keep the egg production at a high level, makes more room for those that are laying during the hot weather and besides this it helps to keep the feed bills down.
